Body text: Roboto

Voice

Cinematic, premium, technical, clean, calm and adventurous. Avoid tactical, gun-bro, violent or aggressive language. RoeBux sells cartridge storage and hunting field accessories, not ammunition or firearms.

Digital implementation

- Horizon-native blocks/settings first.
- Hero 1 should be full-screen/full-viewport where practical.
- Keep content editable in Shopify theme editor.
- Use the light/off-white logo #FAFAF9 on dark transparent hero headers.
- Use the brown logo #534030 on light backgrounds.
- Use orange as a deliberate premium accent, not as the dominant identity color.

Light logo usage guidance

For dark hero/header use, export the logo artwork in #FAFAF9. If you need an immediate temporary file, a pure-white PNG can be used for preview, but the brandbook standard is the warmer #FAFAF9 variant.
